

Ordering information

You will find all the ordering information you need on this page.

1 New entries and changes
New entries/changes of engine types in the catalog are marked with this symbol.

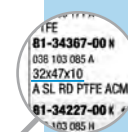

2 Footnotes
The footnotes are explained at the bottom of the respective page.

3 Bore diameter of the gasket

4 Design/material
72-75

5 Dimensions for oil seals
inside diameter x
outside diameter x depth
32 x 47 x 10

6 Product groups
Code numbers for gasket sets and individual gaskets

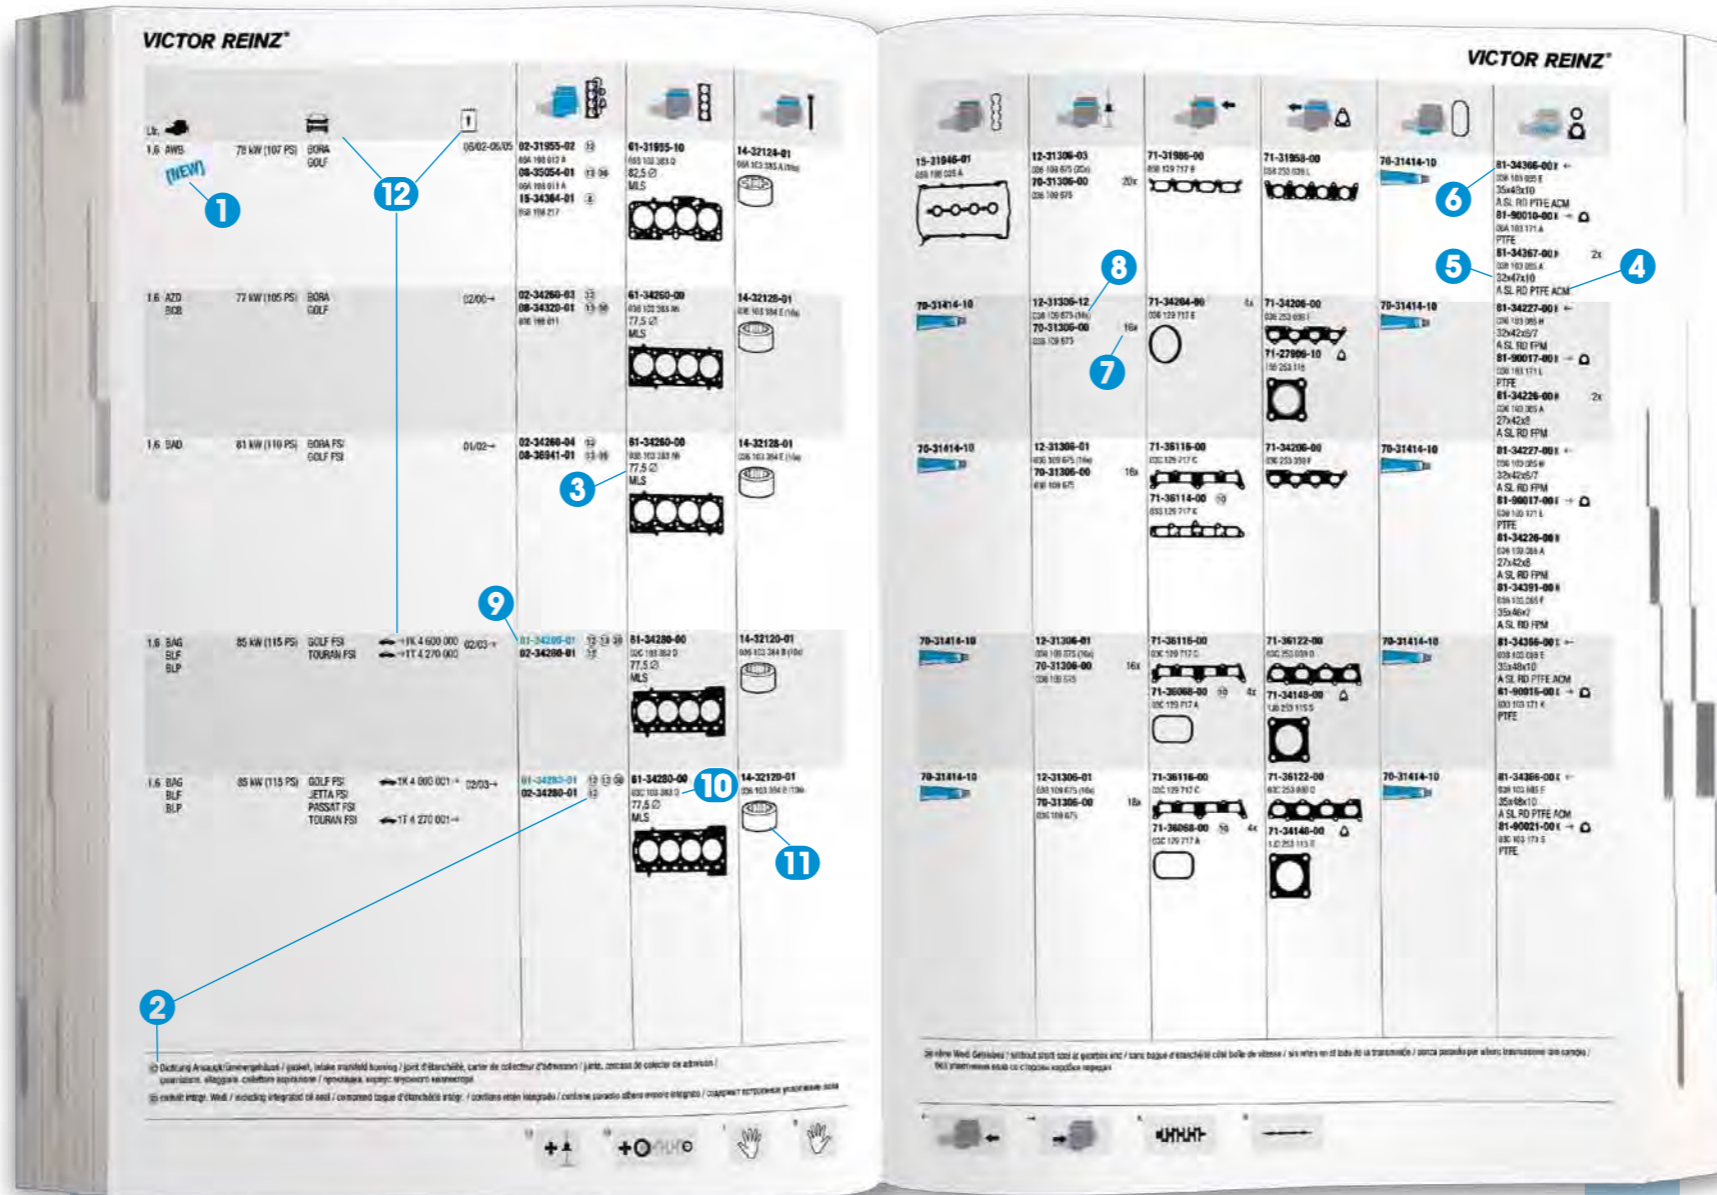

- 01 Full gasket set, engine
- 02 Gasket set, cylinder head
- 03 Gasket set, single cylinder head
- 04 Mounting kit, charger
- 08 Gasket set, crank case
- 10 gasket set, oil pan
- 11 Gasket set, inlet/exhaust
- 12 Seal set, valve stem
- 14 Bolt kit, cylinder head
- 15 Gasket set, rocker cover
- 18 Rocker cover
- 40 + 41 Sealing ring
- 50 + 51 Gasket, flange
- 61 Gasket, cylinder head
- 70 Seal, valve stem
- 70 Just seal it
- 71 Gasket, other
- 81 Oil seal

7 Quantity per engine

8 Content per set

9 REINZ number
Additions and changes in the catalog are marked in blue.

10 Numbers of the vehicle manufacturers
OE numbers are used only for comparison purposes.
REINZ number: 61-34280-00 (large)
OE number: 03C 103 383 D (small)

11 Bolt type
The catalog contains only a portion of our product range. If you do not find the seals you need in the product range, please contact us.

12 Explanation of symbols

- car model
- chassis number
- to chassis no.
- 8252000099 → from chassis no.
- engine code/engine number
- CR 176 338 to engine number
- CR 176 339 → from engine number
- crankshaft
- camshaft

- without cylinder head gasket
- integrated oil seal
- exhaust pipe gasket
- without oil pan gasket
- without valve cover gasket
- number of grooves in cylinder head gasket
- number of teeth in cylinder head gasket
- number of holes in cylinder head gasket
- gasket set
- cylinder head
- cylinder head cover
- valve stem seals
- intake
- exhaust
- oil pan
- oil seals
- with valve stem seal
- with oil seal for the crankshaft
- on the transmission side
- on the face side
- not included in the set
- Reinzosil sealing compound
- year of manufacture

1	gasket set valve cover
2	gasket timing case
3	gasket set cylinder liner
4	gasket oil cooler
5	gasket oil cleaner
6	gasket set intake/exhaust manifold
7	intake/exhaust manifold gasket
8	gasket timing chain tensioner
9	gasket set turbo charger
10	gasket, intake manifold housing
11	oil pan gasket
12	with valve stem seals
13	with crankshaft oil seal
14	without crankshaft oil seal
15	with valve cover gasket
16	with cylinder liner rings
17	without cylinder liner rings
18	for one cylinder head
19	with multilayer cylinder head gasket
20	with oil pan gasket
21	manual transmission
22	automatic transmission

23	oil pan material cast steel
24	oil pan material sheet steel
25	valve cover material cast steel
26	valve cover material sheet steel
27	for vehicles with air conditioning
28	for vehicles without air conditioning
29	for vehicles with auto leveling
30	for vehicles without auto leveling
31	valve cover material aluminium
32	valve cover material cast aluminium
33	valve cover material rubber
34	valve cover material plastic
35	including integrated oil seal
36	valve cover
37	bearing race
38	without shaft seal at gearbox end
39	with steel inner ring
40	with timing cover gasket
41	with graphite cylinder head gasket
42	with MLS cylinder head gasket
43	oil pan gasket soft material
44	oil pan gasket rubber

45	crankcase cast iron
46	cast bracket
47	for cast aluminium block
48	for cast iron block
49	one-piece
50	6-hole flange
51	engine Block Material Aluminium
52	engine Block Material Cast Aluminium
53	engine Block Material Grey Cast Iron
54	only for engines with modified cylinderliners
57	gasket set, injector nozzle
58	repair kit
59	oil pan material plastic
A	outside
AS	exhaust side
ES	intake side
H	rear
I	inside
O	top
U	bottom
V	front
