

28.07.2017 Dana Heads to Inter Cars Expo in Warsaw to Showcase Victor Reinz® Products

Dana will display an array of Victor Reinz® products at the 2017 Inter Cars Expo taking place September 22-24 in Warsaw, Poland. This is Dana's first year attending the event to network with automotive enthusiasts and display its award-winning products. Inter Cars is the biggest importer and distributor of automotive spare parts for passenger cars and commercial vehicles in Poland. Victor Reinz has been one of the leading manufacturers in the automotive industry since 1909 with the invention of the cylinder-head gasket.

The 16th Annual Inter Cars Expo takes place Sept. 22-24 at the PGE National Stadium. The event is eagerly awaited by manufacturers and consumers for the great opportunities to network and learn about compelling companies and products within the industry.

"We are thrilled to participate in the Inter Cars event in Warsaw," said Area Sales Manager of Automotive Service Parts, Bartosz Czuba. "As one of the world's leading automotive suppliers, we are excited about the opportunity to display our extensive line of Victor Reinz products at this important automotive event."

Dana will showcase a full-range of Victor Reinz products. These products range from head gaskets, secondary gaskets, oil seals, and much more. The main product at Dana's exhibit is the model DV6 engine. The engine will be opened on the display table so attendees can

see the engine's full range of devices. This display shows where the engine is installed, along with the different gaskets, turbo kit, and other pieces that make up the engine. The setup allows guests to take a close look at the engine, physically touch the equipment, and witness how the product fits into the existing infrastructure. Dana is enthusiastic about the opportunity to visit with customers and discuss their needs at Inter Cars Warsaw.
